

## ADOPTING

---

Adopting any dog is very rewarding. It is not only saving a life but it is finding that loving family member. Adopting a Pit Bull is standing up for the right to own a strong, loving, obedient breed and fighting for the right for this wonderful breed to live on.

Our adoption protocol is very stringent; designed to be a lengthy process to ensure that all new dogs placed in the home are going to be in the same home for the lifetime of the newly adopted family member. The potential adopter must be at least 18 years of age. The process starts by the potential adopter filling out an adoption questionnaire.

The Pit Bulls for Life Foundation's adoption fee is \$300. This includes: Spaying or neutering Vaccinations including rabies and Microchip identification

Pit Bulls for Life will not ship any dog to a potential home. If you live outside of the area that the foster dog lives all family members of a potential adoption must come to the foster home to visit the dog that they are interested in. Our foster homes are located all over Alberta.

If you are interested in adopting contact us

## WHO WE ARE

---

Pit Bulls for Life Foundation of Alberta is a not for profit foundation that is dedicated to rescuing and re-homing unwanted and abandoned Pit Bulls and other pit bull type breeds from shelters and animal controls in and around the Alberta area.

Pit Bulls for Life takes pride in knowing that all dogs adopted have absolutely NO human aggression and have little to no animal aggression. All dogs and potential adopters are carefully screened to ensure that dogs are placed in their forever home.

The foundation is completely volunteer-based and relies heavily on foster homes and donations. As we do not have a shelter for our rescued pit bulls we are limited to the number of dogs we are able to take in at any one time. If you are interested in fostering, volunteering or donating please contact us.

## HOW CAN YOU HELP

---

As Pit Bulls for Life is a not for profit foundation which relies on donations and volunteers, our immediate needs are:

- ✓ Foster Homes
- ✓ Monetary Donations
- ✓ Volunteers

*Jackson Adopted May 2010*

Every penny donated and second spent helping Pit Bulls for Life gets us one step closer to our goal of bringing people and pit bulls back together.

Together we can rescue those who need us most and bring Pit Bulls back into our communities as a respectable breed.

## FOSTERING

---

Our foster homes are the most important aspect of our rescue because they are the ones that spend countless hours rehabilitating and loving their foster dog, making him or her more adoptable.

If you are interested in being a foster home, we require that you fill out a foster questionnaire as well as allow us to do a home check to ensure that we are placing our dogs in a secure and safe environment.

As a foster home you are supplied with a kennel, veterinarian care, obedience support as well as a city/town licence.

## VOLUNTEERING

---

Our volunteers are very important in running and maintaining our rescue foundation. We are always in need of volunteers that can transport dogs or supplies, performing home checks for potential foster homes and potential adoption homes as well as fundraising events and manning booths at trade shows events around Alberta.

If you are interested in fostering or volunteering please contact us.
